

## Logger's Loop (Easy) 22 Miles

A great view of the Menomonie area, includes a ride up the Junction Trail, through neighborhoods of North Menomonie, around the small town of Cedar Falls, and back through the Industrial Park northeast of Menomonie. Highlights include parks, shopping areas, hotels, restaurants, a farmer's market, museums, historic buildings, picnic areas, Cedar Falls Dam Overlook, and the Devil's Punchbowl (geologic formation). For an alternate route consider the Red Cedar State Trail (Trail passes required). For additional bicycle routes contact the City of Menomonie.
